CHRISTIAN CORONADO

coronadochristian415@gmail.com | 09091436435 | Nagcarlan, Laguna | github.com/ChanCoronado

Motivated IT student with strong skills in web development, computer hardware servicing, and Cisco-based networking. I excel in troubleshooting, system setup, and creating efficient, user-focused solutions. Known for being adaptable, detail-oriented, and collaborative, with a commitment to contributing high-quality work while continuously developing technical expertise.

TECHNICAL SKILLS

- **Programming Languages:** PHP, Java, Python, C, C++
- **Web Development:** HTML, CSS, Bootstrap, JavaScript
- **Database:** MySQL, SQL Server, phpMyAdmin
- **Tools & Technologies:** Git/GitHub, XAMPP, Visual Studio Code, Visual Studio, Anaconda, Jupyter Notebook, Canva, Adobe Photoshop, Figma
- **Other IT Skills:** Networking fundamentals, OS troubleshooting, computer hardware servicing

ACADEMIC PROJECTS

Saisyd Café: Web-Based QR Code POS & Inventory Management System
Technologies used: *HTML, CSS, PHP, JavaScript, Bootstrap, MySQL*
Role: Full-Stack Developer
- Designed and developed a full-stack web-based POS and inventory management system for Saisyd Café, enabling contactless QR code ordering, real-time sales tracking, and automated inventory management.
- Implemented features including digital menu access, GCash payment integration, system notifications, and low-stock alerts to improve operational efficiency, reduce staff workload, and enhance customer experience.

Pikachu Adventure: Mini Games
Technologies used: *Java*
- Developed a suite of sprite-based mini-games using Java, demonstrating strong Object-Oriented Programming (OOP) and game logic implementation.

EDUCATION

Polytechnic University of the Philippines - Sto Tomas Campus   **2022 - Present**
Bachelor of Science in Information Technology
- Expected Graduation: 2026
- Academic Honors: Consistent President's Lister (2022–Present)
- Scholarships: Iskolar ng Laguna and Iskolar ng Nagcarlan

Upland Integrated National High School   **2020 - 2022**
Senior High School — Technical-Vocational Livelihood (TVL-ICT)
- Graduated with High Honors
- Earned the National Certification II (NC II) in Computer Systems Servicing

CERTIFICATES

- **National Certificate II (NC II) in Computer Systems Servicing** — TESDA, 2022
- **Introduction to Project Management with ClickUp** — Coursera, November 2025

SEMINARS & TRAINING

- **From Algorithms to Intelligence: Your Journey into Artificial Intelligence & Machine Learning** — December 2025
- **TechSTART: Git Ready, Set, Commit** — November 2025
- **Tech Nexus 2024: Empowering Campus Innovators** — December 2024
- **PAGLINANG: Student Leaders Executive Training** — December 2024
- **Tech Quest: Decoding the Matrix of Software Development** — April 2024
- **General Assembly Webinar: Navigating Career Transitions & CTRL+A IT + LEAD** — December 2023
- **General Assembly Seminar: Mobile Development and IT Field in the Cruise Industry** — March 2023

AFFILIATIONS & LEADERSHIP

Polytechnic University of the Philippines - Sto Tomas Campus
- Central Student Council: College Representative A.Y. 2024–2025
- Class Vice President (2nd Year / A.Y. 2023–2024)
- Google Developers Student Clubs (GDSC) - Member, A.Y. 2023–2024

Upland Integrated National High School
- Supreme Student Government: Officer (2018–2022)

KEY COMPETENCIES

- Leadership
- Collaboration & Communication
- Problem-Solving & Debugging
- Adaptability & Learning Agility
- Time Management & Project Execution
- Critical Thinking
- Attention to Detail
